

New for 2018 HHR&G will be having a 22 Rimfire Multi-Gun event. It will feature 4 stages with a large assortment of paper, steel and moving targets utilizing both rifle and pistol. All that is required to shoot this event is a 22 semi-auto pistol and a 22 semi-auto rifle with at least two 10 rd. magazines for each.

There will be two divisions: "Limited" iron sights and 10 rd. mag limits for both pistol & rifle. "Open" any sights (scope or dot) and no round limit on mags. If you've never shot a "Run & Gun" type event this is the one to try.

There will be an instructional meeting & safety briefing before the match and plenty of experienced shooters to help you out.

The match is scheduled for Sat. March 17th so get your gear ready.
